Hello good morning Branden Martinez and Bill Musselman. Ron's email directed me to your contact info.

My name is Rodolfo Martell and I am currently working for the Los Angeles Department of Transportation as a Transportation Engineering Associate I. Austin Kano is the Transportation Engineering Associate III project manager. We are currently working in the LANI - Highland Park Streetscape Improvement Project. We are in the process of relocating a two Big Belly Trashcans. The trashcans are currently anchored on top of a catch basin next to a manhole on Figueroa St and Ave 57. We are relocating the trashcan on top of another catch basin and next to a manhole as well just around the corner. Would you be able to join Austin Kano and Rudy Martell from LADOT, Misty Iwatsu from Old LA, Joe Albrecht from Big Belly, Arturo Nevarez from LANI tomorrow Thursday September 28, 2017 at 9:00 A.M to place the markings for the new location. The address of the new location is on [5701 N Figueroa St, Los Angeles, CA 90042](#). We would like to make sure the new location of the Big Belly Trashcans are appropriate to Bureau of Sanitation.

The attach picture will give you a better idea of the dimension plan and the environmental scene. Can we have feedback on this? Thank you very much and have a great day.

Rodolfo Martell
